Stories to Inspire

Rite of Passage News from the Desk of Ski Broman

As September arrives, I would like to share some of the best student and Rite of Passage moments of the summer. As a stakeholder, colleague and friend, you have enriched our program, assisted in fulfilling our mission, and provided opportunities to the students in our care. This email will be updated quarterly to provide you with additional stories of success, inspiration and hope.

In Baltimore, Phoenix, Denver and many other communities across the country, students in our programs are making positive changes. Please take a moment to view the selection of stories from our family of programs. And, thank you again for your continued support of Rite of Passage and our students.

Baltimore

The Baltimore Sun recognizes Rite of Passage's Silver Oak Academy as "a silver lining" for Maryland Youth and a model for educating and rehabilitating delinquents.

Phoenix

Through partnership with Sun Valley Community Church, Rite of Passage is expanding our mission of improving the lives of youth, families and communities.

Denver

Through partnership with Friends for Youth, Denver students receive mentorship opportunities that help them transition back into their home communities.
