

By doing your part, you can help protect your coworkers and youth in our care.

Quick Tips for Rite of Passage staff while navigating their time away from work during the COVID-19 pandemic....

Social Distancing limits exposure by reducing face-to-face contact and preventing spread among people in community settings. Keep a safe space (6 feet) between yourself and other people who are not from your household.

Adhere to CDC guidelines: Wash your hands often, avoid close contact, cover your mouth and nose with a cloth face cover when around others, cover cough and sneezes, clean and disinfect regularly.

Follow all state and local rules.

Encourage friends and family (and others you have contact with) to be safe.

Tell someone if you are symptomatic or have been exposed to someone that has a confirmed case of COVID-19.

Your actions, even outside of work, can impact the health and safety of your coworkers and our youth.
