Charisse Evans

Being a hero means putting others before oneself. Every day of the pandemic, Senior Coach Charisse Evans has gone out of her way to inspire enthusiasm and appreciation for safety among our youth and staff. Starting each day with a laugh, Coach Evans ensures those around her are remaining positive by wearing a variety of masks, each with a fresh upbeat message. Her open-door policy keeps youth engaged; her dedication to ensuring our facility is clean and well-stocked brings much-needed consistency to daily scheduling. Evans arrives early, stays late, and covers multiple shifts, all while educating everyone regarding appropriate measures to curtail the spread of COVID-19. We are truly grateful to have Senior Coach Evans on our team.
