
Spotlight on...

Kristina Moten

Uta Halee Academy would like to recognize Kristina Moten for her unwavering support of our students. Without hesitation, she has worked as a constant and stabilizing presence for multiple groups of COVID-positive students, encouraging them to be as productive as possible during education hours. Her compassionate flexibility has ensured our youth are receiving comprehensive physical, emotional, and educational reinforcement, without falling behind on their goals. We are honored to recommend her for our Heroes Spotlight.
