Mike Darbison

During unprecedented times, we sometimes overlook those who provide vital daily necessities—yet these folks are often our greatest heroes. Throughout the pandemic, Cook Mike Darbison has ensured Canyon State Academy students and staff are properly nourished and provided for. Every day throws the CSA kitchen a curveball; but Mike ensures our menus remain balanced and that our kitchen remains stocked with essential food and cleaning supplies. A 15-year ROP veteran, Mr. Darbison's proactive communication strategy and passion for excellent food shine, even on our most challenging days. For all these reasons and more, we wish to recognize him as our hero.
