Robin Holmes

Robin Holmes, RN knows a thing or two about stick-to-it-iveness. As the only Hillcrest Academy nurse to serve throughout the entire COVID-19 pandemic, Nurse Holmes provides unwavering, comprehensive care to the youth and staff of Hillcrest Academy. Whether administering COVID-19 tests, checking in on housebound staff, calling concerned parents, or maintaining regular contact with the Health Department, Holmes is always available and always ready to adjust her schedule to ensure Hillcrest Academy remains in full compliance with all health and safety standards. We are truly grateful to have a hero like Robin Holmes on our staff.
