Seamus Collins

At Hillcrest Academy, Case Manager Seamus Collins has gone above and beyond, becoming a bulwark of support for parents, youth, and staff alike. Maintaining a remarkably flexible schedule, Case Manager Collins has provided significant overtime, worked holidays, altered his hours on the fly, and given up PTO whenever the pandemic has created temporary staffing abnormalities. On top of the extra support he provides in group living, he still finds time to reach out to families, address their concerns, and answer all questions regarding their children. Collins has become a vital force for good at Hillcrest; we are proud to call him a hero.
