## Tommy Still

Ridge View Academy is proud to celebrate Tommy Still as one of our heroes. Since 2012, he has tirelessly served both youth and staff as our EMT. Over the past year, he has truly exemplified the mantra of 'being the calm, not the storm': through conversations with local medical professionals and leading experts, EMT Still has educated himself regarding comprehensive COVID prevention best practices-which he has both enacted and trained. Tommy has also been instrumental in testing students and staff, as well as caring for COVID-positive students. His straightforward approach has helped rally and reassure those who have been understandably anxious throughout this pandemic. Overall, EMT Still's hard work, dedication, and positive attitude are a true gift to everyone at RVA.
