Jeremy McDonald

Jeremy McDonald is not only an ROP Hero: he's also an American Hero. A U.S. Army Veteran, Facility Manager McDonald started with the ROP California Qualifying Houses in 2018 as a Coach; quickly working his way to a Senior Coach position. From there, he assumed his current role as Facility Manager. While two of our Q-Houses were under quarantine, McDonald was our go-to for facilitating everything the houses needed: ensuring the students had school work; dropping off necessary PPE and grocery shopping; managing staffing shortages and student needs- Facility Manager McDonald did it all. The California Q-Houses are truly grateful for our real-life hero!
