## Jonathan D'Asto

Willard Peak is honored to celebrate Jonathan D'Asto as one of our heroes. Over the past year, Jonathan has exemplified our dedication to improving the lives and health of all students and staff: every shift, without fail, Jonathan walks in and stops at the temperature station, takes his temperature, and immediately begins sanitizing our site. He has taken great care to ensure the wellness of those he encounters, while also keeping a positive and uplifting attitude. Jonathan has also been willing to pick up extra shifts to help cover those affected by COVID-19. Heroes like this are the reason Willard Peak remains a strong, nurturing program; we are proud to have Jonathan on our team.
