Sierra Coreno

Hillcrest Academy Unit Manager Sierra Coreno has consistently gone the extra mile to ensure that both her students and our staff members feel supported. Over the holiday break, many of our Group Living Supervisors were unable to be on campus; Manager Coreno immediately altered her schedule to fill a vital Shift Supervisor role while continuing with her regular Unit Manager responsibilities. She made sure that students engaged in activities, that staff felt supported, and she confirmed that all students remained healthy. She currently facilitates treatment groups, participates in MDT, and fulfills our staff ratios whenever needed. She works long hours, and even gave up New Year's Day to help us out. Sierra: you may not wear a cape, but you are a hero.
