Wanda & Joseph

Joseph McNair and Wanda Lay have been a part of our custodial team at Uta Halee Academy for the past 3 years. This year, their already vital jobs held even more responsibility, as fighting the COVID-19 pandemic demanded intense and consistent cleaning throughout the campus. McNair and Lay continue to be the first responders to compromised areas, keeping youth and staff safe by deep cleaning, disinfecting, scrubbing, and fogging all touch surfaces and high-traffic areas. McNair and Lay also do an outstanding job turning over rooms in our Health Monitoring Unit, all while observing thorough COVID protocols. Both our heroes go above and beyond: they are always available and ready to adjust their schedules as needed. They will drop whatever they are doing and immediately respond to a sanitization request. They take the health and wellbeing of our students and staff personally; that is what makes them heroic.
