LaQuashia Jarmon

JWWJ would like to recognize Therapeutic Manager LaQuashia Jarmon for her outstanding work with Rite of Passage. Ms. Jarmon joined the JWWJ team in 2017 as an Intern through Troy University, and was hired as a Coach Counselor after completion of her degree program. She became Interim Therapeutic Manager in 2019, and when the opportunity presented, she was hired on as Therapeutic Manager that same year. During her tenure, TM Jarmon has demonstrated tenacity and perseverance: throughout the pandemic, she has played a vital role in the transitioning of the clinical department while maintaining her caseload and fostering strong relationships with families. By keeping loved ones reassured of their student athlete's safety, she has facilitated lasting program support at a crucial time. Ms. Jarmon is clearly passionate about the work she does; it is a pleasure to have this hero on JWWJ's clinical team!
